

Australian Wildlife Rehabilitation

### "Rebuilding Communities" Perth Convention and Exhibition Centre

Friday 11 August 2023			
	Theme: Innovation in wildlife medicine, rescue and/or rehabilitation		
7:30am 8:30am	Conference Opens – Hon Reece Whitby MLA		
0.50411	Minister for Environment; Climate Action; Racing and Gaming		
8:45am	Master of Ceremonies – Dean Huxley		
9:00am	Keynote Address: International Wildlife Rehabilitation		
	(Dr Michelle Oakley, Wildlife Veterinarian and		
	TV Presenter Yukon Vet, National Geographic Channel)		
9:35am	Changing landscapes of volunteering in Australia		
40.40	(Traci Gamblin, Deputy CEO, Volunteering WA)		
10:10am	Understanding and treating starvation and refeeding syndrome in Australian wildlife		
	(Dr Anne Fowler, Adelaide Bird & Exotics Vet Centre)		
10:45am	Morning tea		
11:15am	Wildlife Health Australia and wildlife rehabilitators		
	(Joe Cashmore and Shana Ahmed, Wildlife Health Australia)		
11:50am	Fine-tuning the treatment of burnt paws of critically endangered		
	Western Ringtail Possums		
	(Dr Shan Siah, FAWNA Inc.)		
12:25pm	Diarrhoea in macropods		
4.00	(Dr Howard Ralph, Southern Cross Wildlife Hospital)		
1:00pm			
1:45pm	Fire first-aid for fauna		
2:20pm	<ul> <li>(Tania Duratovic, Southern Cross Wildlife Hospital)</li> <li>Q &amp; A: What support does the veterinary industry need to achieve</li> </ul>		
2.20011	better outcomes for wildlife?		
	(Dr Howard Ralph, Dr Anne Fowler, Dr Meg Rodgers, Dr Simone Vitali,		
	Dr Shan Siah)		
3:00pm	Afternoon tea		
3:25pm	Facilitating strategic support for the wildlife rehabilitation sector in		
	New South Wales		
	(Aditi Sriram, New South Wales, National Parks and Wildlife Service)		
4:00pm	Supporting wildlife workers: working in isolation and the impact to		
	mental health (Frances Carleton, WildTalk)		
4:35pm	Upskilling GP veterinarians in wildlife medicine		
4.000	(Dr Meg Rodgers, WA Wildlife Hospital)		
5:10pm	Close Day 1		
5:30pm	Happy Hour		

Australian Wildlife Rehabilitation

### "Rebuilding Communities"

Perth Convention and Exhibition Centre

#### Saturday 12 August 2023

Theme: Emergency response & disaster preparedness for wildlife         8:00am       Registrations         8:30am       Master of Ceremonies – Helen Riley         8:40am       Keynote Address: Wildlife caring is wildlife advocacy (Louise Bonomi, Animals Australia)         9:15am       Recovering our missing marsupials (Catherine Herbert, University of Sydney)         9:50am       Workshop: Preparing for emergency responses (International Fund for Animal Welfare)         10:45am       Morning tea         11:15am       Workshop Continued: Preparing for emergency responses (International Fund for Animal Welfare)         12:25pm       Humane Society International's disaster response program (Helen Church, Humane Society)         1:00pm       Lunch         1:45pm       The importance of gut biota to koala population health (Dr Tania Bishop, WIRES)         2:20pm       Q & A: Emergency Response Panel (Brett Hopley - DPIRD, Robert Leach- IFAW, Evan Quartermain - Humane Society, Erica Honey RVN - Consultant)         3:00pm       Afternoon tea         3:25pm       Roadkill monitoring app: using technology to conserve wildlife (Jacqui Marlow, Sydney Wildlife Rescue)         4:00pm       Quantifying post-traum stress in macropods and the polyvagal theory and therapy in stress rehabilitation (Professor Steve Garlick & Dr Rosemary Austen, Possumwood Wildlife Veterinary Hospital)         4:35pm       Little penguins on Phillip Island: rehabilitation as a tool in a chan		
8:30am       Master of Ceremonies – Helen Riley         8:40am       Keynote Address: Wildlife caring is wildlife advocacy (Louise Bonomi, Animals Australia)         9:15am       Recovering our missing marsupials (Catherine Herbert, University of Sydney)         9:50am       Workshop: Preparing for emergency responses (International Fund for Animal Welfare)         10:45am       Morning tea         11:15am       Workshop Continued: Preparing for emergency responses (International Fund for Animal Welfare)         12:25pm       Humane Society International's disaster response program (Helen Church, Humane Society)         1:00pm       Lunch         1:45pm       The importance of gut biota to koala population health (Dr Tania Bishop, WIRES)         2:20pm       Q & A: Emergency Response Panel (Brett Hopley - DPIRD, Robert Leach- IFAW, Evan Quartermain - Humane Society, Erica Honey RVN - Consultant)         3:00pm       Afternoon tea         3:25pm       Roadkill monitoring app: using technology to conserve wildlife (Jacqui Marlow, Sydney Wildlife Rescue)         3:40pm       Victims, viruses, volunteers and vets (Lynleigh Greig & Joan Reid OAM, Sydney Wildlife Rescue)         4:00pm       Quantifying post-trauma stress in macropods and the polyvagal theory and therapy in stress rehabilitation (Professor Steve Garlick & Dr Rosemary Austen, Possumwood Wildlife Veterinary Hospital)         4:35pm       Little penguins on Phillip Island: rehabilitation as a tool in a changing climate (Jodi Bellett,	Theme: En	nergency response & disaster preparedness for wildlife
8:40am       Keynote Address: Wildlife caring is wildlife advocacy (Louise Bonomi, Animals Australia)         9:15am       Recovering our missing marsupials (Catherine Herbert, University of Sydney)         9:50am       Workshop: Preparing for emergency responses (International Fund for Animal Welfare)         10:45am       Morning tea         11:15am       Workshop Continued: Preparing for emergency responses (International Fund for Animal Welfare)         12:25pm       Humane Society International's disaster response program (Helen Church, Humane Society)         1:00pm       Lunch         1:45pm       The importance of gut biota to koala population health (Dr Tania Bishop, WIRES)         2:20pm       Q & A : Emergency Response Panel (Brett Hopley - DPIRD, Robert Leach- IFAW, Evan Quartermain - Humane Society, Erica Honey RVN - Consultant)         3:00pm       Afternoon tea         3:25pm       Roadkill monitoring app: using technology to conserve wildlife (Jacqui Marlow, Sydney Wildlife Rescue)         3:40pm       Victims, viruses, volunteers and vets (Lynleigh Greig & Joan Reid OAM, Sydney Wildlife Rescue)         4:00pm       Quantifying post-trauma stress in macropods and the polyvagal theory and therapy in stress rehabilitation (Professor Steve Garlick & Dr Rosemary Austen, Possumwood Wildlife Veterinary Hospital)         4:35pm       Little penguins on Phillip Island: rehabilitation as a tool in a changing (Jodi Bellett, Senior Environment Ranger, Phillip Island Nature Parks)	8:00am	Registrations
(Louise Bonomi, Animals Australia)           9:15am         Recovering our missing marsupials (Catherine Herbert, University of Sydney)           9:50am         Workshop: Preparing for emergency responses (International Fund for Animal Welfare)           10:45am         Morning tea           11:15am         Workshop Continued: Preparing for emergency responses (International Fund for Animal Welfare)           12:25pm         Humane Society International's disaster response program (Helen Church, Humane Society)           1:00pm         Lunch           1:45pm         The importance of gut biota to koala population health (Dr Tania Bishop, WIRES)           2:20pm         Q & A : Emergency Response Panel (Brett Hopley - DPIRD, Robert Leach- IFAW, Evan Quartermain - Humane Society, Erica Honey RVN - Consultant)           3:00pm         Afternoon tea           3:25pm         Roadkill monitoring app: using technology to conserve wildlife (Jacqui Marlow, Sydney Wildlife Rescue)           3:40pm         Victims, viruses, volunteers and vets (Lynleigh Greig & Joan Reid OAM, Sydney Wildlife Rescue)           4:00pm         Quartifying post-trauma stress in macropods and the polyvagal theory and therapy in stress rehabilitation (Professor Steve Garlick & Dr Rosemary Austen, Possumwood Wildlife Veterinary Hospital)           4:35pm         Little penguins on Phillip Island: rehabilitation as a tool in a changing (Jodi Bellett, Senior Environment Ranger, Phillip Island Nature Parks)	8:30am	Master of Ceremonies – Helen Riley
